

Scholarship Program Announcement

The Ann Arbor Suzuki Institute of Music aspires to help children and families who are often impacted by institutional racism. We want to do our part to help children who want to play violin, viola, cello, bass or classical guitar, and may require financial assistance. Our philosophy states:

“Where love is deep, much can be accomplished”

– Shinichi Suzuki

Our teachers are ready to work alongside parents and caregivers to foster a love of learning. Music plays an important role in all cultures, and the learning experience of music instruction benefits children for a lifetime!

- Instrumental lessons offered online until safe to be in person
- Instruments will be provided
- 50% scholarship lesson fee for qualified families
- Early Childhood Education classes for pre-instrument experiences
